

Shown: Twin engine system

PRO VERSION WITH ENHANCED FEATURES

The **Automatic Outboard Flushing System Pro** is the next generation of the flushing system. It provides more durable construction and advanced technical capabilities.

The system will still provide the same convenient features of the previous versions—to flush automatically each outboard engine with 7.5 or 15 minute cycles, and shuts down once all engines are flushed. It also includes the service mode for further manual control during maintenance and winterizing.

Warranty

- 3 year warranty
- Field serviceable by trained Reverso technician

Enclosure Design

- Impact Resistant
- Waterproof to IP67 & IP69k
- Unused valves are sealed in the manifold and case mold

Internal Design

- Replaceable electrical connections
- Variable pressure transducer

Functionality

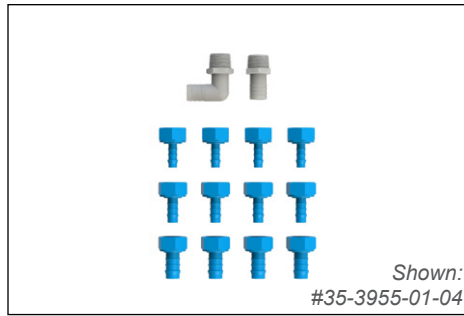

- Pre-operation system check
- Factory and on-site programming
- Software updatable
- Enhanced diagnostic capabilities (*future implementation*)
- NEMA capabilities built in (*future implementation*)

1 Choose your system

System to flush all outboard motors. Fittings sold separately.

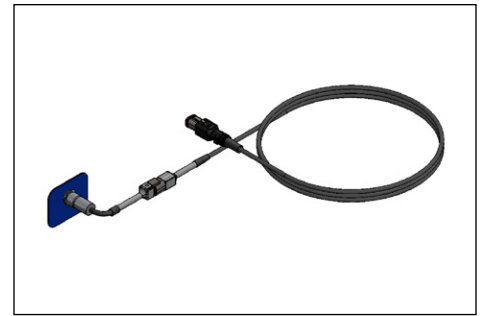

Part #	Automatic Outboard Flushing System Pro
35-3861-04	1 Engine Setup
35-3862-04	2 Engine Setup
35-3863-04	3 Engine Setup
35-3864-04	4 Engine Setup

2 Add Fitting Kit

Required: Inlet 3/4" straight and 90° elbow fittings, Outlet 3/8", 1/2", and 5/8" straight fittings.

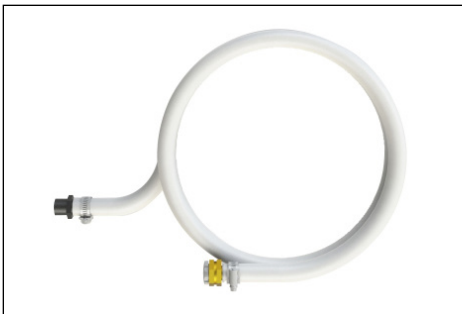

Part #	Fitting Kit
35-3955-01-01	For 1 Engine Setup
35-3955-01-02	For 2 Engine Setup
35-3955-01-03	For 3 Engine Setup
35-3955-01-04	For 4 Engine Setup

3 Choose Remote Switch

Required: To mount a remote switch in an area easier to access than the system itself.

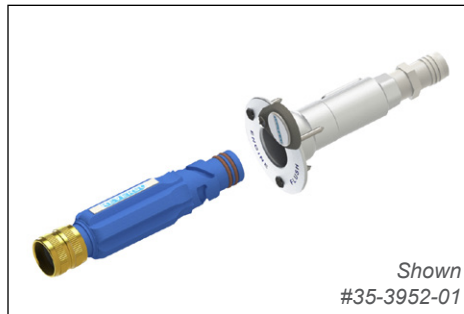

Part #	Remote Switch Kit
35-3954-02	6' harness assembly
35-3954-04	12' harness assembly
35-3954-06	18' harness assembly

4 Choose Inlet Hose

Optional: To mount a remote hose connection elsewhere or provide a comfortable reach to connect hose.

Part #	Inlet Hose Kit
35-3951-03	3' hose length
35-3951-04	6' hose length
35-3951-05	9' hose length

5 Choose Deck Kit

Optional: Can be used with Inlet Hose Kit. Includes straight connector.

Part #	Deck Kit
35-3952-01	With 3/4" hose barb straight fitting
35-3952-02	With 3/4" hose barb 90-degree elbow fitting
35-3952-08	Replacement Kit with 3/4" x 3/4" FGH Swivel and Straight Connector

6 Choose Faceplate

Optional: To mount a Deck Kit only, or Deck Kit and Remote Switch.

Part #	Faceplate
35-3952-07	For Deck Kit only
35-3952-03	For Deck Kit and Remote Switch
35-3952-04	For Deck Kit and Remote Switch 90°
35-3952-05	For Deck Kit and Remote Switch 180°
35-3952-06	For Deck Fitting and Remote Switch 270°
